EDITION 9

OF

THE BREEDERS'
SELECT FOAL SALE
IRELAND
2026

SATURDAY 26TH SEPTEMBER

VIEWING OF FOALS 9AM | SALE 11AM

FOREWORD

Welcome to Edition 9 of The Breeders Select Foal Sale Ireland, globally marketed by The Irish Horse Centre (www.ihc.auction), powered by the Mayo Roscommon Breeders Group (MRBG), in conjunction with Glenamaddy Equestrian Centre. The Sale aims to provide a sales platform for the marketing, promotion and selling of foals from a wide dynamic of breeders who aim to breed both showjumpers and eventers.

The sale strategy is currently being revised towards a five year plan 2025 -2030 where we aim to develop further our 3 clear objectives:

1. Clear and Transparent Foal Selection

2. Marketing and Promotion of the Foal Sale

3. Development of a loyal, national and international customer base

2026 saw the total number of foals inspected stay consistent from 2025 from across the island of Ireland. The selection committee have the following comments:

'Yet again through our stringent foal selection process we have refined the number of foals selected in Edition 8 to meet the market and sport demands based on experience of previously selected foals now appearing and performing well at national/international auctions and in the sport as young horses. As a selection committee we continuously appraise our selection decisions and measurements largely supported by our online linear scoring system, pedigree performance and the 'gut' feeling of our selection panel. Yes, a good individual foal with great biomechanical athleticism fits the model for the sale but we as a committee aspire to develop a 'realtime' pedigree performance evaluation tool that further facilitates better foal selection in the future. We are confident that Edition 8 will pay dividends to both breeders and producers/buyers in the years ahead!'

Strategy/Vision 2025-2030

Within MRBG/IHC we are currently at a cross roads in terms of our current strategy which has achieved all of its original aims and objectives which has largely changed the 'status quo' within a very much a traditional industry. The path, vision and journey ahead for the Breeders Select Foal Sale Ireland and the development of our young horses sales and marketing within the Irish Horse Centre (Irish Horse Centre Market Place www.ihc.marketplace) requires serious consideration and development to achieved the similar strategy metrics towards a vibrant strategy 2025 to 2030 which will yet again only be achieved by good decision making backed by 'ACTION' which MRBG/IHC is well recognised for at this stage of the game.

The Irish Horse Centre plays a pivotal role of: **'Connecting the International equestrian community with leading Irish breeders and producers'** as the demand for Irish bred horses grows in the years ahead.

For you, the customer, we hope that this sale delivers a foal which meets your requirements for the sport and breeding and we look forward to developing a long lasting relationship, where your needs are communicated to us the breeders, to be incorporated into our breeding goals through careful mare and stallion selection.

Thank you to all the breeders who came out to our 3 selection days with their foals. Without you, there would be no sale and certainly no sport horse industry. For those in the sale, we hope you are rewarded for your breeding endeavours, and for those who did not qualify we hope that the feedback from the foal inspectors will be useful information in your breeding programme. Thanks to Glenamaddy Equestrian Centre for facilitating the selection days. Thanks to our Inspectors, Anna Bobel; Aoife McCabe. Thanks to Liz Murphy for her help with the various events and Mary Cahill and Catherine Dunne for their invaluable experience in equine administration and finance.

We are delighted to acknowledge the financial and practical assistance of Horse Sport Ireland, the National Governing Body of Equestrian Sport in Ireland, The Warmblood Stud Book Ireland, The Irish Horse Board and The Department of Agriculture, Food and The Marine Equine Breeding Services for advice and support for this initiative is much appreciated.

Thanks to Darragh Geraghty and his team for the wonderful facilities at Glenamaddy Equestrian Centre for our Auction today. We would especially like to acknowledge the following individuals who have worked tirelessly on compiling the information for the catalogue and online platform: Leo Larkin (Flatout Media Video Editing); Peter Van den Bulck at PWEB Solutions (Website); Hannah Boatman (Photographs); Shane Donohoe (Pro Gen - Pedigree Research) and Sinéad Mallee (Graphic Design) for producing this wonderful catalogue.

On a National level we believe that there still needs to be significant investment in breeder/producer education and knowledge transfer to continuously upskill breeding selection decisions to meet the market and demands of the sport. We also aim to expand upon our vision within our new strategy for the sale to further lobby at E.U and Government level to facilitate better Common Agricultural Policy design suited to the needs of the Equine Farming Sector.

Yours in sport and breeding,

The organisation, preparation and execution of the auction are exclusively determined by IHCA. This means, among other things, that IHCA determines the course of business prior to and during the auction and has the authority not to auction one or more lots or to refuse to acknowledge a bid and declare it invalid and to suspend, resume the auction, to extend or cancel and/or to take other measures it deems necessary.
- 1.2. These auction terms and conditions are applicable to all sales agreements concluded during the auction related to the Foals/Horses/Embryos offered via the Irish Horse Centre Auction, as well as any agreements resulting from that.

Irish Horse Centre is not the owner of any of the selected Foals/Horses/embryos and has no direct or indirect interest in the selected Foals/Horses/embryos. Irish Horse Centre will only offer a platform for potential buyers to buy show jumping or eventing Foals/Horses or embryos directly from the owners.
- 2.2. The Foals/Horses/embryos will be sold during the auction by bidding in the Euro currency, unless otherwise stated. The auctioneer may determine another bid increment before starting the bidding process on a specific foal/horse/embryo. Potential bidders/buyers will be held to their bids until a higher bid has been received. If the auctioneer awards a bid to a buyer, the relevant buyer is obliged to pay the amount due as defined in Article 3. In case of doubt concerning the validity of a bid, the previous bid can be accepted again, after which bidding can resume. In the event of any disputes arising with or during the bidding process, the decision of the auction committee shall be binding.
- 2.3. The buyer will, directly after the Auction, sign the purchase agreement for the sale of the specific lot. By signing the purchase agreement, both a purchase agreement between buyer and seller and a mediation agreement between Irish Horse Centre and buyer and Irish Horse Centre and seller will be realised. 4. Auction Foals/Horses/embryos; liability

- 4.1. The Foals/Horses/embryos offered in the auction are identified by origin, sex, colour and (expected) year of birth, as stated on the catalogue.
- 4.2. The Foals/Horses/embryo are offered and sold in the state at which they are at the time of allocation. Irish Horse Centre offers the buyer the opportunity to make a judgment on the Horse/foal during the parade of animals and at the auction house prior to the auction. The buyer should, where reasonably necessary or desired, call for independent expert advice.
- 4.3. Irish Horse Centre select Horse/foal conformation, movement and descent. A clinical or X-ray examination has not taken place in the case of the foal. Horses sold from the age of 1 year old and upwards will be required to undergo a vet and x ray exam from a panel of vets prior to the auction. Similarly, there has been no investigation into the presence of prohibited substances.
- 4.4. Irish Horse Centre tries in comparison to article 6 to only offer healthy Foals/Horses for the auction. Despite that, Irish Horse Centre cannot ensure all Foals/Horses to be auctioned are clinically and radio graphically healthy at the time of delivery. Irish Horse Centre cannot be held liable by buyers for claims based on non-conformity of the Foals/Horses to be auctioned (or any other claim based on this factual background), when it comes to the health, the performances and/or the use of the Foals/Horses.
For embryos there is no guarantee whatsoever in terms of health/development/birth.
- 4.5. Irish Horse Centre has tried to compile the available information about the Foals/Horses/embryos as accurately as possible. The information is aimed at giving the best possible impression of the quality of the Foals/Horses/embryos, but without pretending to be complete. The organization is not responsible for the accuracy of the information on the website and in the auction catalogue, on the auction site or during the auction. Information from the auctioneer goes above information on the website and/or in the auction catalogue.
- 4.6. Irish Horse Centre cannot be held liable for damages to persons or goods, which arise before, during or after the Auction, except for damages that result from intent or conscious recklessness of Irish Horse Centre.

5. Release and transfer of risk and ownership

A. Foals/Horses

- 5.1. Immediately after a bid on a foal/horse has been accepted, any risks related to the purchased foal shall be transferred to the buyer and any responsibility and liability, as well as all risk factors are transferred to the respective buyer. The buyer shall indemnify Irish Horse Centre and seller from any claims brought by third parties.
- 5.2. Ownership of the purchased foal passes to the buyer at the time of release as defined in Article 5.3. of these terms and conditions, but not before the buyer has settled all full purchase amounts and debts and any other amounts due to Irish Horse Centre resulting from non-compliance.
- 5.3. The buyer is obliged to take possession of the purchased foal at the auction house when the Horse/foal is paid for. If the foal is not weaned and if the vendor and purchaser agree that the foal is to be left on the mare for a further period of time in the interest of the health and well-being of the foal, then that agreement is made independently of the Irish Horse Centre but the foal in question is still paid for.

6. Shortcomings (including stable vices)

- 6.1. If a buyer finds that the Horse/foal purchased does not conform to the contract description after actual delivery, the buyer shall not be entitled to any recourse if the seller has not been informed thereof by registered letter within three weeks after the auction date (with a copy to Irish Horse Centre).
- 6.2. By offering the foal for auction, the seller declares that no facts or circumstances are known that render the foal unsuitable for normal use as a foal.
The seller further ensures that the foal is not affected by prohibited substances as found on the most recent list of prohibited substances of the Fédération Equestre Internationale (FEI).
The seller warrants, unless notified of such prior to the sale, that the Horse/foal purchased by the buyer does not suffer from any stable vices such as cribbing, systematic weaving or wood chewing habitual wind-sucker, weaver, or box walker, or has been unnerved, or has been tubed, or otherwise operated on for unsoundness in wind, or has shown any evidence of sweet itch, or is not so described is returnable to the Vendor by the Purchaser for a period of 2 x 24 hours after actual delivery to the buyer.
If this is alleged to have occurred then the Purchaser must notify the Auctioneers within fourteen days from the last date of delivery to the Purchaser specifying exactly the nature of the complaint made.
Failure to so within this time period shall defeat any right or remedy the Purchaser may otherwise have pursuant to these conditions or otherwise.
The Auctioneers may then nominate a Veterinary Surgeon or other suitable expert to investigate a complaint and the decision of such Veterinary Surgeon or expert shall be binding on the Vendor but the Auctioneer shall be under no obligation to do so and may refuse to act or to determine the matter such that it will be a matter between the Purchaser and the Vendor to address.
- 6.3. If a veterinarian, registered as an inspection veterinarian for horses or a horse veterinarian should state in writing that one of the stable vices listed in Article 6.2. was established in his/ her expert opinion prior to the date of actual delivery, the buyer shall be entitled to terminate the purchase agreement with all resulting consequences. The buyer will, in that case, return the horse as quickly as possible to seller. Until the actual delivery of the horse, the buyer will behave as a good guardian over the horse. Seller will accept the horse and shall within 7 days after the delivery of the horse, pay back the auction price, excluding the commission charge to buyer. Seller is not liable for compensation of any further damages of the seller. Irish Horse Centre is not liable for any damages refraining from the termination of the purchase agreement. The termination of the purchase agreement does not affect the mediation agreement between Irish Horse Centre and buyer and Irish Horse Centre and seller.

7. Disputes

- 7.1. All disputes have to be declared within 5 working days to the auction committee of the The Irish Horse Centre Auction.
- 7.2. If the seller or Irish Horse Centre intends to file proceedings and if the buyer is considered to be a consumer, he/she shall be given the opportunity to announce its decision pertaining to Paragraph 7.1. in writing within a period of one month. In the event of an urgent matter (summary procedure), the seller (casu quo The Irish Horse Centre Horse Auction) may decide to shorten that period to five business days.
- 7.3. In the event of a dispute between the parties, they will endeavour to resolve this dispute amicably. All alternative dispute resolutions should be explored to allow for mediation or arbitration of disputes which removes the matter from the Court process which is a more efficient way of dealing with disputes. If one of the parties is of the opinion that no solution has been reached, then the court designated by IHCA has exclusive jurisdiction. Irish law applies to the agreements between IHCA and other parties.

Listings

The Vendor will use reasonable endeavours to make Listings for forthcoming Auctions available for viewing and any person who wishes to make an enquiry of a Vendor should contact the Vendor as referenced in the applicable Listing.

The Auctioneer accepts no responsibility for, and, to the fullest extent permitted by law, exclude any liability for, any loss or damage whatsoever arising out of or related to the accuracy or completeness of any information contained in a Listing or for any action taken in reliance on such information by any person. We do not make any representation or give any warranty, guarantee, condition, undertaking or term either expressed or implied as to the condition, quality, state of readiness or fitness for purpose of any Lot and all information is provided by the Vendor.

Notwithstanding the generality of the foregoing, please note that save where otherwise expressly provided;

Any descriptions, references to condition and all and any other details are provided by the Vendors. The Auctioneer provides these in good faith for information purposes only and no person should infer the Auctioneer is urging any reliance on them as statements or representations of fact or otherwise. Each Lot is sold as it stands and there is no term implied in any sale that any Lot is of satisfactory quality or is fit for training or any particular purpose and the Auctioneer does not warrant that any Lot is eligible for participation in any scheme or race notwithstanding any announcement or notice in a catalogue or otherwise by the Vendor.

All persons must make up their own mind about each lot by using common sense before bidding. We strongly urge that all satisfy themselves by inspection or otherwise as to the correctness of each of them; and

All commentary, descriptions, figures, plans, images, representations and veterinary certificates are provided by Vendors and not the Auctioneer.

No person employed or engaged by the Auctioneer has any authority to make or give any representation or warranty whatever in relation to any Lot. The Platform does not constitute, nor constitute part of, an offer, contract, warranty or guarantee.

You should take appropriate steps to verify all information contained on the individual listing. We will make best endeavours to provide all information but as this material is provided by third parties, we cannot guarantee its accuracy.

Animals will be kept at the premises of their owners and viewing and inspecting any Lot, with other relevant documentation, is recommended. Viewing will not be possible at the auction premises. We strongly recommend viewing is arranged through the Vendor.

We suggest that any potential Bidder or Purchaser seeks proper advice from a qualified professional adviser. Nothing on the Platform shall be regarded or taken as legal, financial, or any other advice. The Auctioneer shall not be liable for damage caused by the provision of incorrect and/or incomplete information, regardless of the nature and extent of that damage and that information and regardless of the origin of that information.

Where the Vendor is not the Auctioneer, the Auctioneer expects but cannot guarantee that the Vendor can transfer ownership of a Lot to a Purchaser freely and unencumbered. The Auctioneer is not liable for any related damage.

Purchasers must ensure that the Vendor's approval is obtained before a veterinary inspection is made.

All Lots are sold subject to these terms and conditions and are subject to any announcements that may be made from time to time. It is the responsibility of all bidders to check for any such announcements.

8.6 Website

Use of the website is at the user's own risk.

To the fullest extent permitted by applicable law, neither the Auctioneer its servants and/or agents will be liable for loss or damages arising out of or in connection with your use of, or your inability to use, the Products and/or facilities or services offered through this website, including, but not limited to, indirect or consequential loss or damages, loss of data, income, profit or opportunity, loss of or damage to property and claims of third parties. We accept no liability in relation to any of the above other than as expressly provided or as may be provided for under your statutory rights.

The Auctioneer accepts no liability for any typographical errors and/or material defects in the auction catalogue or on its website and its online catalogue.

8.7 Responsibility

The Vendor shall at all times indemnify the Auctioneers in respect of such information supplied. Insofar as a lot is not sold directly by the Auctioneer, the Auctioneer acts as Agent to the Vendor and that Vendor is then responsible for the accuracy of any such information supplied insofar as all information concerning the pedigree description and health of a Lot. No statement, sales puff, certificate, forecast or expression of opinion in respect thereof is, or ought to be deemed to be in any circumstances a representation, undertaking, warranty or guarantee by the Auctioneer.

A Lot listed in the Catalogue is sold with its Engagements, Pregnancy Status and/or Produce Record as listed therein with such information being as presented by the Vendor. The Auctioneers will endeavour to have all Catalogue information correctly stated, but the Vendor is responsible for the correction of any error or omission. It shall be the duty of the Vendor to ensure that the Lot is properly described as set out in the Catalogue.

8.9 Withdrawal

The Auctioneer shall not be liable to any person for any loss alleged to have been suffered as the result of the withdrawal of a Lot from any Sale for any reason.

8.11 Responsibility for Horses

Where the lot for whatever reasons remains howsoever under the control of the Auctioneer prior to or after Auction, then such Lot shall be at the Vendor's risk from the time of arrival for the period the Lot shall be at or on any property of the Auctioneer, collectively called "the Premises", unless such Lot shall have been sold, in which case such Lot shall be at the Purchaser's risk in all respects from the Fall of the Hammer, being the closing of the auction. The Auctioneer shall not be liable for any loss or damage caused to or by any Lot whether by reasons of disease, accident or otherwise whilst the Lot is on the Premises or in transit between different parts of the Premises whether to the Purchaser or the Vendor.

8.12 Disease

Once a Lot is purchased, the Purchaser may notify the Auctioneers within 48 hours after the hammer goes down if a re-examination of the animal is required. In such event, the Auctioneers shall arrange for such re-examination at the expense of the Purchaser and the opinion expressed on re-examination shall be final and binding on all parties. If on such re-examination a defect is apparent in the lot and such defect has not been referred to in the original Veterinary Certificate and the member carrying out such examination is of opinion that such defect is of practical significance, then the purchaser may repudiate the said sale.

A Lot may be returnable or otherwise removed from the sale where it is decided by the Auctioneer in its absolute discretion that the horse was, or is, infected with a disease, or suffering with a condition, impediment or ailment, or otherwise, such that the inclusion of that horse in the auction or its sale would be injurious to the animal, against the interests of the Auctioneer, or otherwise would not be in accordance with best practice, or best veterinary practice whether the opinion of veterinary practitioner has been sought or not.

The Auctioneer shall be under no obligation to perform any checks on the conditions of any Lots prior to sale and no action shall lie for any failure to do so.

8.13 Delivery (When purchased online only)

Delivery of any lot can only take place after the full Purchase Price plus any additional costs expenses and charges have been satisfied in full and monies are cleared and with the Auctioneer. Until such time as full payment is received the Vendor remains the owner of the Lot subject to the Lot being held at the Purchaser's risk. Funds must be deposited and available to release to the Vendor for them to be received within the terms of these conditions.

Only after this occurs is the Vendor authorised to deliver the Lot. Any such Lot is required to be delivered within 14 calendar days after full payment is received unless otherwise agreed.

If a Purchaser refuses or neglects to receive the Horse or refuses to make proper arrangements, the Purchaser is in default to the Vendor and is required to compensate.

8.1.3 RESPONSIBILITY & RISK IN RESPECT OF AUCTION LOTS

A Lot shall be at the Vendor's risk / responsibility while on the property of the sales house. The Irish Horse centre provided however that where such a Lot has been sold it shall be at the Purchasers risk from the fall of the hammer, or from the time of sale if sold privately. However, in the interim between the time of sale and any veterinary examination, it remains the Vendor's responsibility to ascertain if an examination has been requested, and to present the horse for examination.

8.1.4 REMOVAL FROM AUCTION PREMISES

A Lot purchased shall be removed from the sales house centre premises no later than the evening of the sale day and a PASS-OUT must be obtained from the main office prior to an animal being removed from the complex.

Any person engaged to bring and take away a Lot shall do so at the cost and risk in all respect of the owner of such Lot.

8.1.5. VETERINARY CERTIFICATE AND RE-EXAMINATIONS FOR YOUNG HORSES

- (i) The Auctioneers shall nominate an independent, approved Veterinary Surgeon to be present on the day of the sale(s). A Lot must be offered for sale with Veterinary Certificate from a panel of Veterinary Surgeons. It shall be Vendors responsibility to ensure that this Certificate is lodged with the Auctioneers not less than one hour before the expected time of sale. The Certificate shall be available for inspection by prospective Purchasers and may subsequently be read out from the Rostrum at the time of sale. In the event that a Certificate has been mislaid or not available for any other reason at the time of sale, the Auctioneers may in their absolute discretion decide to postpone the sale or not offer the lot for sale. In any event, the Auctioneers shall not be held liable to any party by reason of the non-production of the Veterinary Certificate.
- (ii) Once a Lot is purchased, the Purchaser must notify the Irish Horse Centre sales office within 60 minutes of purchase if a re-examination is required. In such event, the sales office shall arrange for such re-examination at the expense of the Purchaser and such re-examination will be performed by a member of the panel other than such member who has furnished the original Certificate. If on such re-examination a defect is apparent in the Lot and such defect has not been referred to in the original Veterinary Certificate and the member carrying out such examination is of the opinion that such defect is of practical significance, then if necessary a referee Veterinary Surgeon shall be called upon whose decision shall be binding on all parties.
- (iii) A Lot remains at the Vendors risk until completion of the re-examination procedure. Once re-examination has been completed and the Lot has passed such re-examination, such lot is then held to the Purchasers risk. Following sale of a Lot by auction or privately, it shall remain the Vendors responsibility:
 - (a) To ascertain if re-examination has been requested and
 - (b) To present such horse for re-examination.

8.1.6 MISCELLANEOUS

- The auctioneer shall have the right to bid on behalf of the vendor up to the reserve price. Should the purchase price not be paid then the Auctioneers may at their discretion put up the Lot for Auction and re-sell it.
- All animals remain the property of the vendor until paid in full. Buyer and Seller agree that the Irish Horse centre Auction may publish sale results.
- These are Irish Horse centre Auction General Conditions of Sale. For particular auctions.
- Special Conditions may detail additional, more specific requirements than the General Conditions and these should be referred to by buyers.
